

Capital Dynamics Clean Energy Receives Top Rankings from GRESB in 2022 for Renewable Power

Receives Five Star Rating and Named “Sector Leader” for Fourth Consecutive Year

LONDON - October 19, 2022 – Capital Dynamics, an independent global private asset management firm, today announced that Capital Dynamics Clean Energy has received the highest rankings from GRESB, the leading ESG benchmark for real estate and infrastructure investments across the world, in multiple categories.

Each year, GRESB assesses and benchmarks the ESG performance of assets worldwide, providing clarity and insights to financial markets on complex sustainability topics. Capital Dynamics Clean Energy and Infrastructure III LP (“CEI III”), invested in renewable energy projects across Europe, was awarded a 5 Star GRESB Rating and was recognized as “Sector Leader” for the Renewable Power sector. The Fund was ranked first in the categories for Renewable Power Global, Renewable Power Europe and Renewable Power Private Equity. The assets ranked first in the category of On-Shore Wind Power Generation, Maintenance and Operation in Northern Europe.

Martin Hahn, Chief Executive Officer of Capital Dynamics, said: “Responsible investment is an integral part of Capital Dynamics’ corporate identity and ethos, and we recognize the important role that alternative asset managers like us can play in leading the transition to a Net Zero economy. We are incredibly proud of our team’s commitment to these principles as well as their ability to put them into practice in an impactful way while continuing to generate enhanced, long-term investment returns for our clients.”

Barney Coles, Co-Head of Clean Energy Infrastructure at Capital Dynamics, said: “We are delighted to have achieved the ‘Sector Leader’ designation for four consecutive years as recognition of our commitment to ESG throughout the investment lifecycle. By adhering to strict ESG policies during due diligence, development and operation of our projects, we aim to set the industry standard for how to responsibly accelerate the clean energy transition and move closer to a Net Zero future.

Hasmeen Deol, Senior Vice President of Product Development & Strategy at Capital Dynamics, said: “This ranking is a testament to the Clean Energy business’ ongoing commitment to leading our industry in ESG and strengthening our robust responsible investment credentials. We have the experience, expertise and track record to offer market-leading responsible investment solutions, which are customized to meet the growing ESG demands of our diverse client base.”

Sebastien Roussotte, Chief Executive Officer of GRESB, said: “GRESB Sector Leaders are the top-performing organizations leading the way to a Net Zero future and pulling the industry forward. We applaud this year’s Sector Leaders for their commitment, leadership, and dedication to ESG and sustainability.”
